“Our first duty, as a society, is to insure our own survival. Therefore we have to avoid distractions and multipurpose activities . . . Sobriety—freedom from alcohol—through the teaching and practice of the Twelve Steps, *is the sole purpose of an A.A. group* ... We have to confine our membership to alcoholics and we have to confine our A.A. groups to a single purpose. If we don’t stick to these principles, we shall almost surely collapse. And if we collapse, we cannot help anyone.” **Bill W. / Problems Other**

Concept III

As a traditional means of creating and maintaining a clearly defined working relation between the groups, the Conference, the A.A. General Service Board and its several service corporations, staffs, committees and executives, and of thus insuring their effective leadership, it is here suggested that we endow each of these elements of world service with a traditional "Right of Decision."

Within the framework of their general responsibilities, whether these be defined by charter, by resolution, or by custom, it should be the traditional right of all world service boards, committees, and executives to decide which problems they will dispose of themselves and upon which matters they will report, consult, or ask specific directions. We ought to trust our world servants with these discretions, because otherwise no effective leadership can be possible. Let us consider in detail, therefore, why the need for a "right of decision" in our leadership is imperative, and let us examine how this principle can be applied practically in all levels of our structure of world service.

We have seen how the A.A. groups, under the concept of the "group conscience," are today holding the ultimate authority and the final responsibility for world services. We have also noted how, by reason of the Conference Charter and the "trusted servant" provision of Tradition Two, the groups have delegated to their General Service Conference full authority to manage and conduct A.A.'s world affairs.

Central Office MARCH Finances

Income \$17,217.69

Expense \$15,458.24

Net Gain = \$1759.45 *These are preliminary numbers*

2021 MARCH GROUP DONATIONS \$3,767.12

2020 MARCH GROUP DONATIONS \$3,124.68

We now have a five month prudent reserve. At the October, 2015 Board of Directors meeting a motion was made, seconded and passed that Central Office establish a six month prudent reserve. We are almost there.

Each group has the ability to make these numbers change If you do not see your home group listed here, it is because Central Office has not received a donation. Please ask why. If your group feels we need to be of more service in some area, please let us know. We cannot change that of which we are ignorant.

As per your request, we are now publishing a more complete financial report. I hope this pleases those of you who have asked for it. If not, please let me know what else you would like to see. After all, this is *your* money! We at Central Office try to be good stewards of it.

Our Accountant, Janet B. of the Lenexa Group tries to come in as soon after the first of the month as possible so you can get final numbers. There will be months, however, that we will print preliminary numbers because of the publishing date. That will be noted above.
